

FILING & STORAGE

Filing & Storage Furniture

LACASSE

Office Furniture Solutions

HARMONIZATION

Always on top > Do piles of cardboard boxes accumulate under your workstation? Groupe Lacasse has the solution for you to always be on top of your filing and storage issues. In complete harmony with our various collections, our laminate lateral files are always discreet and provide you with all the filing and storage you need. You can use one or pair a few together to get maximum storage space. Leveling them is quick so you can take advantage of functional, no fuss, filing and storage every day!

Z - STRAIGHT PULL

Stylish and Sturdy

Not only are they stylish, but the Lacasse laminate lateral files are exceptionally sturdy. With ball-bearings to provide smooth operation, the drawers are made of steel and can support 175 lbs of loading capacity. They are equipped with locks and anti-tip mechanisms. You can choose from a large selection of pulls offered in two colors, Silver and Anthracite Grey. Simply beautiful!

STEEL LATERAL FILES

STRENGTH & DURABILITY

- The base utilizes a patent-pending box-in-box construction that strengthens the case to prevent racking.
- The inner top is one-piece formed steel, which provides sturdy upper support.
- The vertical support hat channel features a common rail and heavy gauge steel, which provides additional structural support and strength.
- A baked enamel coating is applied over a rust-inhibiting treatment for a wear-resistant paint finish.

SECURITY & SAFETY

- Dual side locks latch both drawer ends to prevent drawers from being pried open.
- The rack-and-pinion lock mechanism and factory installed lock bars provide maximum security.
- For additional safety, the positive drawer interlock system allows only one drawer to open at a time.
- Every drawer has telescoping, ball bearing slides, enabling full extension and smooth operation.

FUNCTIONALITY

- Standard side-to-side hanging bars and optional front-to-back hanging rails ensure maximum filing capacity and allow for customer filing preferences.
- Four adjustable floor glides provide 1½" of height adjustment, simplifying leveling on uneven surfaces.
- Posting shelf available on 5-high for document consulting.
- Receding door with pull-out drawer available on 4 and 5-high.
- Removable core locks allow key alike or lock change.
- Drawers accommodate letter, legal, EDP and international A4 suspended file folders.

STEEL MULTIFUNCTION STORAGE

STRENGTH & DURABILITY

- One-piece inner top provides upper support and prevents case racking.
- One-piece case construction provides a clean, finished appearance with no overlapping seams.
- Baked enamel finish applied over a rust-inhibiting treatment assures durability and beauty for the life of the product.
- Patent-pending box-in-box base construction exponentially strengthens the case to prevent racking.
- Double walled doors add strength.

SECURITY & SAFETY

- Rack-and-pinion lock design ensures reliable operation.
- Dual side lock bars latch both sides of the lateral file drawers to prevent drawers from being pried open.
- Positive drawer interlock system allows only one drawer to open at a time to provide greater safety.

FUNCTIONALITY

- Core removable lock allows key numbers to be easily changed in the field. Combination units can be keyed alike with other units or lateral files.
- Interior of storage area includes standard color-matched shelf enabling storage of two (24" high) or three (36" high) rows of standard size binders. Shelves may be adjusted in 6" increments to support a variety of articles. Additional shelves may be ordered separately. Units with box drawers include one pencil tray. Valet includes standard coat rod.
- Doors feature self-closing hinges that open 100 degrees for easy access.
- Drawers accommodate letter, legal, EDP and A4 International for complete flexibility in user filing needs.
- Full extension ball-bearing slides provide smooth operation and complete access to contents.
- Side-to-side hanging bars are standard. Optional dividers, front-to-back hanging bars and CD holders are available for a variety of filing and storage needs.
- Leveling glides have a 1½" height adjustment to allow for installation on uneven floors.
